Camurus applies COSO's framework for the internal control of financial reporting. The procedures for internal controls on financial reporting were designed with the aim of ensuring reliable overall financial reporting and external reporting in accordance with IFRS, applicable laws and regulations, and other requirements applicable to companies listed on Nasdaq Stockholm. This work involves the Board of Directors, Group management and other employees.

Control environment

The Board of Directors has established instructions and governing documents with the aim of regulating the CEO's and the Board of Directors' roles and responsibilities. The manner in which the Board of Directors monitors and assures the quality of internal controls is documented in the Board of Directors' rules of procedure and Camurus' financial policy, as well as the policy for internal control, where the Board of Directors has established a number of fundamental guidelines of significance to the work with internal control. These guidelines include the regular control and follow-up of outcomes in comparison with expectations and preceding years, as well as supervision of the accounting policies applied by Camurus. The responsibility for maintaining an effective control environment and the ongoing work on risk assessment and internal control over the financial reporting is delegated to the CEO. The Board is also responsible for monitoring the internal control and monitoring that reporting to the Board works satisfactorily. This work entails ensuring that measures are taken to manage any shortcomings, as well as following-up on any proposed measures highlighted in connection with external reviews. The Company performs

an annual self-assessment of its work with risk management and internal controls. This process includes a review of the manner in which established procedures and guidelines are applied. The Board of Directors receives information about important conclusions from this annual assessment process, and about proposed actions, if any, with regard to the Company's internal control environment. In addition, the external auditors report on a regular basis to the Board of Directors, partly through the Audit Committee, partly to the Board of Directors in its entirety.

External audit

The AGM appoints external auditors for a period of one year at a time. In accordance with the audit plan established in consultation with the Board's Audit Committee the auditor examines the Annual Report and the accounts, as well as the Board of Directors' and CEO's fulfillment of their fiduciary duties and responsibilities. In connection with the review, the auditor reports his findings to Group Management for discussion and subsequently to the Board of Directors through the Audit Committee. Following completion of the audit the Audit Committee is informed. At least once a year, the auditors report their observations directly to the Board of Directors without the presence of Camurus' CEO and CFO.
